Project Management Professional (PMP®, PMO-CP) and Industrial Engineer with over 8 years' experience in PMO, project governance, and reporting across technology, innovation, and productivity projects. Skilled in monitoring and control, stakeholder engagement, and delivery of large-scale programs (up to \$35M). Currently seeking Project Coordinator / Project Support Officer opportunities in Perth to leverage strong analytical, organizational, and leadership skills.

## Core Competencies

- Project Governance & Reporting
- Stakeholder Engagement
- Budget & Cost Control
- Risk & Issues Management
- Project Scheduling (MS Project, Azure DevOps)
- Process Improvement (Lean, PMI Standards)

## Professional Experience

### PMO – IPM Consulting / Ecopetrol, Colombia

**Sep 2021 – Apr 2024**

- Supported STORM CTRM SAP program (\$35M+), providing reporting, governance, and monitoring across multiple workstreams.
- Negotiated supplier agreements, achieving USD \$250K in savings.
- Developed project dashboards and reports that informed executive-level decision-making.
- Ensured project compliance with time, cost, and quality indicators, aligning with corporate strategy.

### Project Management Office Coordinator – Minuto de Dios Industrial, Colombia

**Sep 2017 – Sep 2021**

- Coordinated portfolio of consulting projects, increasing annual revenue from USD \$100K to \$1M.
- Implemented project management methodologies improving compliance and reporting.
- Supported proposal development, achieving multiple successful bids.
- Produced detailed reports and dashboards for stakeholders and funding entities.

### Specialised Engineer – Soluciones Empresariales Integrales (SEMPI), Colombia

**Apr 2016 – Sep 2016**

- Conducted audits for coal and nickel mining projects (Cerrejón, Drummond, Prodeco, CNR) ensuring compliance with National Mining Agency (ANM) regulations.

- Designed and implemented audit methodologies that improved accuracy of royalty settlement calculations.
- Developed process and procedure maps for mining operations, enhancing regulatory oversight and transparency.

**Consultant – District Secretariat for Economic Development, Bogotá**

***Dec 2014 – Mar 2016***

- Facilitated access to financial services for small enterprises and entrepreneurs, boosting local economic growth.
- Delivered field evaluations and business plans that supported the sustainability of entrepreneurship initiatives.
- Promoted economic development programs through community engagement, increasing participation rates.

**Assistant – Process & Quality, Helios Technology and Innovation, Colombia**

***Sep 2013 – Feb 2014***

- Coordinated the SAP Business One ERP implementation project, ensuring milestones and deliverables were met.
- Standardised internal processes and created company workflow charts, later incorporated into ERP system.
- Supported monitoring and reporting of project activities, improving project control and visibility.

**Teacher – Project Management Diploma (PMI Standards), Colombia**

**2018 (Sep–Dec) and 2023–2024 (Sep–Aug)**

- Delivered training on PMI methodologies, project planning, and execution to professional students.
- Supported knowledge transfer by preparing teaching materials and guiding case studies aligned with PMI standards.

**Education & Certifications**

- Master of Project Management – EAN University, 2021
- Industrial Engineer – University of the Andes, 2013
- Project Management Professional (PMP®), PMI
- PMI PMOCP Certified Professional

**Languages**

- Spanish: Native
- English: Professional working proficiency (IELTS 6.5 aiming 7.0)
